

DESCRIPTION
OF THE
"STUNT SHOW"
"LIVE"/120 MINUTES
(+ "Superbikers" Motorcycle Racing: +60 min.s)
[Grand Total: 120 minutes]

All stunts, "never before attempted"... Anywhere in 'the World!'

'Live' "Stunt List"

#1. We will open 'our' show with a "Building-to-building (B-T-B) motorcycle (m/c) jump by 3 (three) riders, "side-by-side", only inches apart. (The Fox Network based a whole 1-hour 'special' on a single-rider B-T-B jump that did not even 'break' "Super Joe" Reed's existing record.) (16 million homes 'tuned in.) And, **2** (two) **women** will perform 'the stunt' with "Super Joe". 'The only' male/female "combo" daredevil team, in the World! (3-stories high!)

#2. The World's first "vertical leap", 'straight-up' off a 'half pipe' take-off ramp, and jumping up to a 5-story high platform. Targeting a 25' x 30' boxed-shaped nylon net, with a padded floor. Stunt cyclist will attempt an 'up-right' landing inside the 'boxed' net. There will be nothing between the platform (height), and 'the ground' (concrete floor). [Rider may attempt jump/leap... while set totally "on fire!"]

#3. A 2-rider (1-male/**1-female**) "criss cross" (simultaneous) B-T-B m/c jump. (3-stories high off 'the ground!' (concrete floor). (We'll keep trying this stunt until executed as advertised - riders passing by each other, in mid-flight, right between the buildings.)

#4. A fourth consecutive, 'new' "World Record" stunt. Never before attempted for any 'live' T.V. Special, (major) motion picture, or 'Live' performance act. A "vertical leap", 'straight down', from 7 stories, to a 'half-pipe' landing ramp. A total, 'free-fall' attempt, with no: nets, cables, padding or catch apparatus, of any kind. [Rider may attempt jump/leap... while set "on fire!"]

Just added- "**Superbikers**" on/off road motorcycle racing:

'Combining' every form of popular m/c racing, on dirt & pavement, in one race, on the lightest, most powerful m/c's in the World. (Combining: Supercross/Motocross/Arenacross, road racing, flat track/TT, trials, Enduro/Desert/Grand Prix off-road, drag racing, freestyle mx, etc.).

"Superbikers" racing - will entertain as well as 'fill-up' our 'Live' telecast, with exciting racing action in between the "rigging" and 'set-ups' of the specialized 'stunts'.

"History of Daredevils"

"Highlights" - ("Pre-taped segments" - enough to fill 2-hours +, if needed.)

Male and Female Daredevils

"The World's" only, female, (motorcycle) daredevils, performing stunts, 'equal' to that of a man! In no other sport, or competition, the World over, do men and women perform on a 'level' "playing field". Not in basketball, tennis, or track and field, do 'they' compete, 'head-to-head'. In 'our' World Record stunt "attempts", the guys and gals... could die, side-by-side. In any sport, or motor sport, females either can not, or are not allowed to compete. In our form of entertainment they jump and fly, as "champions!"... Together.
